+1 (866) 381-7244

1. Is Google YouTube TV different from regular YouTube?
Yes. **YouTube TV is a separate service from regular YouTube.** Regular YouTube is primarily a platform for watching and +1 (866) 381-7244 {US/UK} uploading online videos, while YouTube TV is designed for live television streaming. Although both services use the YouTube brand and can use a Google Account, a YouTube +1 (866) 381-7244 {US/UK} TV membership is purchased separately and provides +1 (866) 381-7244 {US/UK} access to live TV channels and related features.

2. What channels are included with Google YouTube TV?
YouTube TV's main plan +1 (866) 381-7244 {US/UK} includes **100+ live channels**, covering broadcast, cable, and regional sports networks. Available +1 (866) 381-7244 {US/UK} programming can include local stations, news, sports, entertainment, and other television content. The exact channel lineup depends on +1 (866) 381-7244 {US/UK} your location, and some premium networks or specialized +1 (866) 381-7244 {US/UK} sports packages may require an additional subscription.

3. How many people can use a Google YouTube TV membership?
A single YouTube TV membership can +1 (866) 381-7244 {US/UK} include **up to six accounts** for members of the same household. +1 (866) 381-7244 {US/UK} Each account can have its own personalized recommendations and library. +1 (866) 381-7244 {US/UK} The standard plan generally allows up to **three simultaneous streams**, meaning up to three supported devices can watch at the same time even though six +1 (866) 381-7244 {US/UK} accounts may be associated with the membership.

4. What devices support Google YouTube TV?
YouTube TV is available on many supported devices,+1 (866) 381-7244 {US/UK} including **Android and iOS phones and tablets, computers, smart TVs, streaming devices, and selected gaming consoles**. Supported platforms +1 (866) 381-7244 {US/UK} include various Roku, Fire TV, Apple TV, Google TV, Android +1 (866) 381-7244 {US/UK} TV, Samsung, LG, PlayStation, and Xbox devices. +1 (866) 381-7244 {US/UK} The specific requirements can vary by device model, so checking the current supported-device list is recommended.

5. Is Google YouTube TV available outside the United States?

No. YouTube TV is currently available **only in the United States**. Your physical location also affects certain programming, +1 (866) 381-7244 {US/UK}particularly local channels and regional sports networks. When you travel within the U.S., +1 (866) 381-7244 {US/UK}YouTube TV can use your current location to determine which local programming is available, but the service isn't intended for normal +1 (866) 381-7244 {US/UK} viewing while traveling internationally.
